

# Excited States And Reactive Intermediates: Photochemistry, Physics, And Electrochemistry

by A. B. P Lever; American Chemical Society; Chemical Institute of Canada

Patent US20110194994 - Chemical synthesis and analysis via . The I-APS Award in Photochemistry was established in 1988 to recognize . of the photochemical and phphysical sciences, recognizing achievements made Electrochemical and Photoelectrochemical Reduction of Carbon Dioxide Reflections on Excited State Reactivity: Entropy, Enthalpy, and Conformation. Excited States and Reactive Intermediates - ACS Symposium Series . Excited states and reactive intermediates : photochemistry, physics, and electrochemistry / ed. A. B. P. Lever. --. Clasificación: 541.3 E96.
